- 1) To turn ON the smart band, long press the side button for a few seconds. The side button is situated in the right of the of the screen.
- 2) To turn OFF the smart band, long press the side button for a few seconds. The side button is situated in the right of the of the screen.

1.1 GETTING STARTED:

- APP Download

1) How to obtain the BT Connection APP / APK (**Fitcloud Pro**)

Search for the **Fitcloud Pro APP** in the Play Store for Android devices; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application. For Iphone, search for Fitcloud Pro in App Store and download to proceed installation on your device.

2) Installation of the **Fitcloud Pro APP**

When installing the **Fitcloud Pro** application on your smartphone, you must allow all the Application Permissions, allow this **Fitcloud Pro** app auto run.

The first time you run this **Fitcloud Pro app**, it will ask you to Enable Notifications, please tap OK and tap the **Fitcloud Pro** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your smartphone permission management, allow all application permissions.

3) How to make the wearable pair with your smart phone?

*First, turn on the Bluetooth of your Phone.

*Second, run the **Fitcloud Pro** app on your Phone, on the home page of **Fitcloud Pro**, find the pairing request by the setting all your values requested and then select "**watch**". You must have the screen of the watch on and the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **WS-2397** (the BT name of this device). Select the device on the app to make it pair. Select "**confirm tick**" **on the watch** and the pairing will be finished in a few seconds. When you pair for the first time, the **Fitcloud Pro** app will ask you to o enable GPS and Bluetooth, and authorize **Fitcloud Pro** ✓ at access to the location service while using the app. Please accept all the requests for the correct functioning of the device. When you finish select OK/Confirm/Allow for any pop-up request.

You can also bind scanning the QR code which appears on the device after turning it ON

Important: To enable all notifications of different softwares such as WhatsApp, Facebook, Skype, Twitter, you will need to turn on the notifications on the APP manually. On the **Fitcloud Pro** homepage, select the icon "**Device**" (situated on the right bottom of the screen), → select "**WS-2397**" → select "**message notification**" → turn on "**Allow notification**" and turn on all the APP notifications you want to active.

During the connection process, there will be a pop-up window prompt to confirm the pairing connection with the watch and mobile phone. Please click to confirm the pairing. After the connection is successful, the call icon and data connection icon in the watch status bar will turn blue, red means not connected

Bt call and app disconnected App connected BT call disconnected Bt call and app connected

You can click on the Phone icon and choose the BT call and media options.
