GETTING STARTED:

- For Android

1) How to obtain the BT Connection APK (**H BAND**)

Search for the **H BAND APP** in the Play Store; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application.

2) Installation of the **H BAND** APK.

When installing the **H BAND** application on your Android, you must allow all the Application Permissions, allow this **H BAND** app auto run.

The first time you run this **H BAND**, it will ask you to Enable Notifications, please tap OK and tap the **H BAND** and confirm OK. You must tap OK/Allow for any pop-up request. On your Android permission management, allow all application permissions.

3) How to make the wearable pair with your Android smart phone?

*First, turn on the Bluetooth of your Phone.

*Second, run the **H BAND** app on your Phone, on the home page of **H BAND**, select "Click to connect device" the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **Y2 or WS-2321** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you pair for the first time, the app H BAND will ask you to fill some personal information such as skin colour/gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request.

Important: To enable all notifications of different softwares such as WhatsAPP, Facebook, Skype, Twitter you will need to turn on the notification on the APP manually. On the H BAND homepage, select the Settings icon →then select on My device(Y2) or WS-2321, →select Message notification, and turn on all the APP notifications you want to active.

- For iPhone

1) How to obtain the BT Connection APP? (**H BAND**)

On iPhone, please go to APP Store and search **H BAND** and install the app.

2) How to make the wearable pair with your iPhone?

*First, turn on the Bluetooth of iPhone

* Run the **H BAND** app on the iPhone, on the home page of **H BAND**, select "Click to connect device" the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **Y2 or WS-2321** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you pair for the first time, the app H BAND will ask you to fill some personal information such as skin colour/gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request.

Important: To enable all notifications of different softwares such as WhatsAPP, Facebook, Skype, Twitter you will need to turn on the notification on the APP manually.
