Thank you for purchasing the **Sami Wearable** WS-2347. Read the instructions carefully to obtain optimum results and preserve it for future reference. Sami has developed wearable devices since 2015 and we use the best components possible for the product.

DESCRIPTION OF THE WEARABLE

CONTENTS

Wearable, an extra silicon strap, USB magnetic charging cable, instruction manual.

CHARGING

Connect the device to a computer or laptop with the USB magnetic charging cable for charging. Put in contact the magnetic end of the USB cable with the charging points positioned in the back of your device. Kindly use only the USB cable included with the wearable. If you use a power adapter for charging, the output of the power adapter should be 5V, 1A. Charging time: 2 hours. Please charge the device fully before using it. Take care with the magnet side of the cable, if you connect to the AC and you have contact with a metal surface, you may damage the charging cable

NOTE: Do not have the charger connected to AC and the magnets touching any metallic surface, this will create a high heating of the cable and will damage it.
