- 2) Short press the Power button or the return button to go back. Long press the Power Button to make it Power On/Off.

GETTING STARTED:

- For Android

1) How to obtain the BT Connection APK (**DA FIT**)

Search for the **DA FIT** in the Google Play; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application.

2) Installation of the DA FIT APK.

When installing the **DA FIT** application on your Android, you must allow all the Application Permissions, allow this **DA FIT** app auto run.

The first time you run this **DA FIT**, it will ask you to Enable Notifications, please tap OK and tap the **DA FIT** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application permissions. **Please allow locations services and background permission for correct use of the device.**

- 3) How to make the wearable pair with your Android smart phone
- *First, turn on the Bluetooth of your Phone.

*Second, run the **DA FIT** app on your Phone, on the home page of **DA FIT**, select "**TO ADD**", the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **WS-2367** (the BT name of this device) to make it pair. The pairing will be finished in a few seconds. When you pair for the first time, the app **DA FIT** will ask you to fill some personal information such as gender/age/height/weight. Must select OK/Confirm/Allow/Yes for any pop-up requests. **Please allow locations services and background permission for correct use of the device.**

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different softwares such as WhatsAPP, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the **DA FIT** homepage, select the Settings icon (middle icon situated at the bottom of the interface) → then select notifications, → and turn on all the APP notifications you want to active.

Also you must access to settings in your Android device and in the menu of apps give the corresponding permissions to **DA FIT.**

BLUETOOTH HANDS FREE CONNECTION:

To connect the hands free talking connection, you must pair the watch by bluetooth. The device name would be WS-2367_PHONE.

Once it is paired the watch would function as a hands free kit and any phone call received you could do it on the watch. You can hear and also talk. The watch must be within the Bluetooth range with your phone.

- For iPhone
